

Take stock in recycled products

**WE'VE GOT
A GOOD THING
GOING HERE.**

Buy Recycled Products.

Every time you buy a product made from recycled materials, you send a message to the product's manufacturer. It says you support recycling. It isn't recycling until you buy products made of recycled materials, so look for goods that are made from post-consumer wastes. To find out more, call the KDHE at 1-800-282-9790.

*A public awareness initiative from your
Kansas Department of Health and Environment*
